

CONSTRUCTION WIFI

Transform your construction site with Fli-Fi

At Fli-Fi, we specialise in tailor-made WiFi solutions for the construction industry, ensuring seamless connectivity for your projects.

Why Choose **Fli-Fi**?

Unmatched Connectivity: Enjoy flawless internet access throughout your site, from basements to top floors, remote or city-based, enabling seamless communication and system access.

Tailored Solutions: Adaptable, scalable WiFi services are customised to meet your project's unique needs at every stage.

Dedicated Support: Our expert team is with you every step of the way, from installation to our ongoing support, ensuring uninterrupted projects.

T Clarke at The Ritz, London:

Delivered a creative multi-WAN 5G solution for uninterrupted connectivity across five subterranean floors.

LRES at Newhurst Energy Recycling Facility:

Provided reliable internet to nine cabins during a critical phase, ensuring seamless operations for 40 staff members.
